Cranial Sacral Therapy (RMT)

This treatment is one of the most gentle yet powerful forms of holistic healing. Working with the rhythmic wave-like motion of the cerebral spinal fluid, restrictions are gently released throughout the body to give an overall body balance. Conditions that respond well to this treatment are migraines, ADD (Attention Deficit Disorder), ADHD (Attention Deficit Hyperactivity Disorder), chronic back and neck issues, depression, and fibromyalgia.

Registered Reflexology

This treatment is an ancient healing art based on the principles that there are reflexes in the feet that correspond to every part, organ, and gland in the body. Reflexology increases circulation, detoxifies, reduces tension, and stimulates the bodies own healing abilities. Reflexology is excellent for migraines, sinus pain, infertility, and stress reduction.

REGISTERED MEDICAL ACUPUNCTURE

Acupuncture is an ancient Chinese treatment that has been practised for over a thousand years. It is completely safe, effective, and painless. Medical Acupuncture uses fine needles precisely throughout the body, to help the body activate its own natural pain control and healing mechanisms. This allows diseases or disorders of the body to become naturally treated or cured. Medical Acupuncture has been proven effective for a wide range of medical conditions including migraines, headaches, TMJ dysfunction, pain management, anxiety, carpal tunnel syndrome, and tendonitis.
